NOTICE TO BIDDERS

ADDENDUM #2

EMERSON HALL VENTILATION IMPROVEMENTS 2022

Please note the following items which become part and parcel to the Contract Documents and shall be considered when bidding.

ITEM 1: A/E's Addendum 2 Notes

There are 2 pages of A/E Addendum 2 notes containing clarifications and changes to the Bid Documents.

ITEM 2: Pre-Bid Meeting Agenda

There are six (6) total pages from the Project's Pre-Bid meeting Agenda.

ITEM 3: Drawings – Additional Drawings and Revised Drawings

Drawing sheets H200 and H201 were inadvertently excluded from the original set of bidding documents and are now being issued with this Addendum 2. In addition, the following six (6) Drawing Sheets have been revised: H104, E-104, H100, H501, E200 and H600.

ITEM 4: Revised Bid Form and Revised Base Bid Estimate

Per the A/E's Addendum #2 notes, the Work associated with Alternate 1 (referenced by the A/E as Alternate H-2) is no longer to be bid as a separate Alternate but instead is now rolled into the Base Bid Work. As a result, the Estimate for the Base Bid Work is changed to \$1,059,558. A Revised Bid Form is being issued with this Addendum 2 to reflect the change in how that scope of Work shall be bid. The Revised Bid Form must be used for bid submissions.

The Project Bid Documents, Addendum # 2 and a list of the current Plan Holders may be found at www.pfd.miamioh.edu/fco.

***Please note receipt of this Addendum 2 on the Bid Form.**
